

# CPDXR SERIES DESCRIPTION

## Economy Spur Planetary Gearbox

Candy's CPDXR Series is an economy, right angle, rotary flange style planetary gearbox with 6 to 10 arc minutes backlash. The CPDXR is a compact servo gearbox featuring lower inertia, higher efficiency and reduced noise compared to the first generation design.

- Economy, right angle planetary servo gearbox
- 6 – 10 arc minutes backlash for single stage, 8 – 12 for double stage
- 1 and 2 stages with ratios from 3:1 up to 100:1
